

Brussels, 7th July 2010.

Dear Madam, Dear Sir,

We are pleased to announce you that our next symposium will be organised together with the Dutch Vereniging voor Infectie Ziekten (VIZ) and the Nederlandse Vereniging voor Medische Microbiologie (NVMM).

This two days meeting will be held in Amsterdam at the Royal Tropical Institute on November 18 and 19, 2010 and will discuss "**RESISTANCE AND ZOOSES**". A programme is enclosed hereby with full information. Please note that each presentation will be made in **ENGLISH**.

The **Dutch Societies will be in charge of registration and payment**, may we invite you to register via the following link: <http://www.nvmm.nl/inschrijving-najaarsvergadering> (website is available only in Dutch, we'll let you know when English version is ready) You will be asked to register to the symposium (one day – two days), to register for the evening meal on 18th November (45€ extra), and, if needed, to register for hotel reservation by using suggested hotel links or to choose any other hotel of your choice.

Symposium prices: (book before September 20, 2010)

Members of the SBIMC-BVIKM will be offered a special price of 80€ for two days and 60€ for one day (instead of 125€/ 2 days and 100€ one day).

Special prices for student are 70€ for 2 days and 55€ for one day.

Please note that prices will increase when booking after 20th September 2010:
(members: 110€/2 days and 80€/1 day – non members : 160€/2 days and 130€/1 day)

An oral/poster session is also organized and we invite you to register via <http://www.nvmm.nl/content/abstracts-najaarsvergadering>. Deadline in September 20. You may choose to present your abstract for poster session, for oral session or for both sessions. Information on how to present your abstract is indicated on the here above mentioned website link.
